The following matters are excluded from mediation: (i) an unlawful detainer action; (ii) the filing or enforcement of a mechanic's

# **BED BUG DISCLOSURE**

California Civil Code §1954.603 (C.A.R. Form BBD, Revised 6/23)

The following terms and conditions are hereby in Agreement, OR Residential Lease After Sale,	incorporated in and made a part of the Residential Lease or Month-to-Month Rental Other ("Agreement"),
dated, on property known as	
in which	is referred to as "Tenant"
and	is referred to as "Housing Provider".

# **INFORMATION ABOUT BED BUGS:**

- 1. Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.
- 2. Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.
- 3. Bed bugs can survive for months without feeding.
- **4. Bed Bug Bites:** Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.
- 5. Common signs and symptoms of a possible bed bug infestation:
  - Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.
  - Molted bed bug skins, white, sticky eggs, or empty eggshells.
  - Very heavily infested areas may have a characteristically sweet odor.
  - Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.
- **6.** For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.
- 7. Tenant shall report suspected infestations by bed bugs to the Housing Provider or Property Manager at the mailing, or email address or phone number provided in the Agreement and cooperate with any inspection for and treatment of bed bugs.
- **8.** Housing Provider will notify tenants of any units inspected by a pest control operator of the findings by such an operator within 2 business days of the receipt of the findings. All Tenants will be notified of confirmed infestations within common areas.

Tenant agrees to release, indemnify, hold harmless and forever discharge Housing Provider and Housing Provider's employees, agents, successors and assigns from any and all claims, liabilities or causes of action of any kind that Tenant, members of Tenant's household or Tenant's guests or invitees may have at any time against Housing Provider or Housing Provider's agents resulting from the presence of bedbugs due to Tenant's failure to comply with this Bed Bug Disclosure.

The foregoing terms and conditions are hereby agreed to, and the undersigned acknowledge receipt of a copy of this document.

- 2. If the same Tenant remains in occupancy over any 12-month period, the gross rental rate shall not be increased in more than two increments over that 12-month period.
- 3. For a new tenancy in which no Tenant from the prior tenancy remains, the Owner may establish the initial rate not subject to paragraph 1 of this section. Paragraph 1 of this section is only applicable to subsequent increases after the initial rental rate has been established.

RENT CAP AND JUST CAUSE ADDENDUM (RCJC PAGE 1 OF 2)

- **C.** Maintaining, committing, or permitting the maintenance of a nuisance as described in Code of Civil Procedure § 1161, paragraph (4).
- D. Committing waste as described in Code of Civil Procedure § 1161, paragraph (4).
- **E.** The Tenant had a written lease that terminated on or after January 1, 2020, and after a written request or demand from the Owner, the Tenant refused to execute a written extension or renewal of the lease for an additional term of similar duration with similar provisions, provided that those terms do not violate § 1946.1 or any other provision of law.
- **F.** Criminal activity by the Tenant on the residential real property, including any common areas, or any criminal threat, as defined in Penal Code § 422, subdivision (a), directed to any Owner or agent of the Owner of the premises.
- **G.** Assigning or subletting the premises in violation of the Tenant's lease.
- H. The Tenant's refusal to allow the Owner to enter the residential real property pursuant to a request consistent with Civil Code §§ 1101.5 and 1954, and Health and Safety Code §§ 13113.7 and 17926.1.
- Using the premises for an unlawful purpose as described in Code of Civil Procedure § 1161, paragraph (4).
- J. When the Tenant fails to deliver possession of the residential real property after providing the Owner written notice of Tenant's intention to terminate the hiring of real property or makes a written offer to surrender that is accepted in writing by the Housing Provider, but fails to deliver possession at the time specified in that written notice.

# 2. "No-fault" Reasons:

- **A.** Intent to occupy the residential real property by the Owner or their spouse, domestic partner, children, grandchildren, parents or grandparents (Owner/family move-in). Tenant and Owner hereby agree that the Owner shall have the right to terminate the lease if the Owner, or their spouse, domestic partner, children, grandchildren, parents or grandparents, unilaterally decide to occupy the residential property. Owner may terminate the lease at the end of a fixed term or any time during a month to month tenancy by giving the appropriate notice.
- **B.** Withdrawal of the Premises from the rental market. Owner may terminate the lease at the end of a fixed term or any time during a month to month tenancy by giving the appropriate notice.
- **C.** Unsafe habitation, as determined by a government agency that has issued an order to vacate, or to comply, or other order that necessitates vacating the residential property.
- D. Intent to demolish or substantially remodel the residential real property. "Substantially remodel" means the replacement or substantial modification of any structural, electrical, plumbing, or mechanical system that requires a permit that cannot be accomplished in a safe manner with the Tenant in place, and that requires Tenant to vacate the residential real property for at least 30 days. Cosmetic improvements alone do not qualify.

# 3. Just Cause Notices:

- A. Curable "At-Fault" Reasons: Before the Owner can terminate the tenancy for an At-Fault Just Cause violation that is curable, the Owner must first provide notice to cure giving the Tenant an opportunity to cure the violation pursuant to Code of Civil Procedure § 1161, paragraph (3).
- B. Tenant Payments Pursuant to "No-Fault" Eviction: (1) If Owner issues a termination of tenancy under a No-Fault Just Cause, Owner notifies Tenant of the right to direct payment relocation assistance equal to one month of the Tenant's rent in effect at the time of the termination and shall be provided within 15 calendar days of service of the notice. (2) In lieu of direct payment, Owner may waive the payment of rent for the final month of tenancy prior to the rent becoming due. The notice shall state the amount of rent waived and that no rent is due for the final month of tenancy.

\*NOTE: Other exemptions under the Civil Code may apply. Additionally, this property may be subject to local rent cap and just cause eviction controls, which may impose additional restrictions. Housing Provider is strongly advised to seek counsel from a qualified California real estate attorney, who is familiar with the law where the property is located, prior to serving any notice.

The undersigned acknowledge a copy of this document and agree that the terms specified in Sections I, II(3), if checked, and V(3) are made a part of the lease or rental agreement specified above.

- F. Using criminal history information before otherwise affirming eligibility, and without a legally sufficient justification;
- **G.** Failing to assess financial standards based on the portion of the income responsible by a tenant who receives government subsidies (such as basing an otherwise neutral rent to income ratio on the whole rent rather than just the part of rent that is the tenant's responsibility);

- B. Real estate licensees should provide complete and objective information to all clients based on the client's selection criteria.
- **C.** Real estate licensees should provide the same professional courtesy in responding to inquiries, sharing of information and offers of assistance to all clients and prospects.
- D. Housing providers should not make any statement or advertisement that directly or indirectly implies preference, limitation, or discrimination regarding any protected characteristic (such as "no children" or "English-speakers only").
- E. Housing providers should use a selection process relying on objective information about a prospective buyer's offer or tenant's application and not seek any information that may disclose any protected characteristics (such as using a summary document, e.g. C.A.R.   - A. Legally compliant senior housing is exempt from FHA, FEHA and Unruh as related to age or familial status only;
  - **B.** An owner of a single-family residence who resides at the property with one lodger may be exempt from FEHA for rental purposes, PROVIDED **no real estate licensee is involved** in the rental;
  - C. An owner of a single-family residence may be exempt from FHA for sale or rental purposes, PROVIDED (i) no real estate licensee is involved in the sale or rental and (ii) no discriminatory advertising is used, and (iii) the owner owns no more than three single-family residences. Other restrictions apply;
  - **D.** An owner of residential property with one to four units who resides at the property, may be exempt from FHA for rental purposes, PROVIDED **no real estate licensee is involved** in the rental; and
  - E. Both FHA and FEHA do not apply to roommate situations. See, Fair Housing Council v Roommate.com LLC, 666 F.3d 1216 (2019).
  - F. Since both the 14th Amendment of the U.S. Constitution and the Civil Rights Act of 1866 prohibit discrimination based on race; the FHA and FEHA exemptions do not extend to discrimination based on race.

# Information on Dampness and Mold for Renters in California

# Main points:

- Living in damp or moldy buildings increases the chances of respiratory problems like asthma.
- The critical warning signs are visible mold, water damage, damp materials, or mold smell.
- Dampness is needed for mold to grow, so if you control the dampness, you control the mold.
- Dampness or mold indoors may make housing substandard, per the California Health & Safety Code.

This booklet describes the increased risks to health, including specific health issues, that may result from exposures to dampness or mold in buildings. This booklet was produced in January 2021 by the California Department of Public Health (CDPH) in accordance with the 2001 Toxic Mold Protection Act (HSC §26148).

# Health Problems from Damp or Moldy Buildings

Living or working in damp or moldy buildings increases the risk of many harmful health problems, including:

- asthma attacks in people who already have asthma
- a new asthma diagnosis
- respiratory infections, such as bronchitis
- breathing symptoms, such as hay fever, sneezing, stuffy nose, sore throat, wheezing, breathing difficulty, or cough
- eczema or skin rash

Mold can affect people differently. How much a person is affected depends on how sensitive they are and on how much they are exposed. Damp or moldy buildings are linked to health problems in people even if they do not have allergies.

# **Signs of Dampness or Mold**

Signs of dampness or mold that may cause health problems include:

- visible mold (regardless of color), such as on walls or ceilings, behind furniture or appliances, under carpets, or even hidden in areas not seen in the occupied areas of homes
- mold odor, noticed as an earthy, musty, or moldy smell
- visible water damage, such as water-stains or discoloration on walls or ceilings, peeling or bubbled paint, warped floors, or rotting wood
- damp or moist materials, including condensation on windows or walls

Any one of these signs indicates increased risks to health, and the more that any of them are present, the greater the risk of health problems. Tests that identify the types of mold or the amounts of mold in buildings are not useful in telling us about the health risks. This is why CDPH does not recommend testing for mold, such as measuring mold spores in the air.

# Causes of Building Dampness that Can Allow Mold to Grow

The dampness that is necessary for indoor mold to grow can come from either inside or outside a building.

# Indoor sources include:

- leaking or burst water pipes, for instance under sinks inside walls
- not enough venting to the outside by open windows or exhaust fans in places where water is used or moisture is produced (for example, bathrooms, laundry areas, kitchens, and water heaters)
- condensation (water droplets) on cold surfaces, including windows

# **Outdoor sources include:**

- water coming in through leaky roofs or poorly-sealed windows, or from flooding
- damp, exposed dirt in crawl spaces
- outdoor surfaces that slope and drain water toward a building, including from a downspout

# **Fixing Dampness and Mold Problems**

The California Health & Safety Code (HSC §17920.3) says that when dampness or visible mold (or certain other conditions) in a home is a hazard to the health of occupants, the home is substandard and the property owner must fix the conditions. The Code excludes mold that is "minor and found on surfaces that accumulate moisture as part of their properly functioning and intended use."

CDPH recommends fixing dampness and mold problems as follows:

- identifying and correcting the source of any water that may allow mold to grow
- rapid drying or removal of damp materials
- cleaning or removing mold and moldy materials as rapidly and safely as possible

Note: if a moldy area is simply bleached, cleaned, or painted over-without fixing the source of the dampness-the mold is likely to grow again.

# Renters in California

The California Health & Safety Code requires property owners to provide a rental unit that is safe and healthy for the people living in it. Prospective renters should look for obvious conditions that show dampness or mold, and also less obvious signs like water leaks under the kitchen and bathroom sinks or moldy odor in a sealed-up home. Also look for conditions likely to cause future problems, like a bathroom that has no working vent fan or no window that opens, or a clothes dryer without an outside vent.

For renters who suspect there is dampness or mold:

- 1. Tell the property owner or manager. Early detection and correction of the dampness and mold problems can reduce the risks to your health and prevent the problem from getting worse.
- 2. If your property owner will not respond to your concerns in a reasonable amount of time, contact your local (city or county) code enforcement agency and ask for a code enforcement officer to inspect for violations. Many dampness or mold problems in rental homes are the responsibility of the property owner and must be addressed by them. However, a code enforcement officer may determine that dampness or mold in a building results from a tenant's actions or inactions for instance, not using available bathroom ventilation during showers.
- 3. If the local inspector determines there is a violation, they can require the property owner to correct the problem.

# **Additional Resources**

For general information on dampness and mold and a list of local code enforcement agencies, with a focus on dampness and mold, see <a href="https://www.cdph.ca.gov/iaq/mold">www.cdph.ca.gov/iaq/mold</a>. To see an animated video series, Mold in the Home, visit <a href="https://www.cdph.ca.gov/mold">www.cdph.ca.gov/mold</a>.

Property owners must provide a rental unit that is safe and healthy for the people living in it.

Tenants must notify property owners of any dampness or mold problems.
